Sit down over breakfast with the *decision makers* of the Surat Basin

## Danny Charlesworth - Cost Planner Hutchinson Builders

will present at the Surat Basin Axis on Thursday, 13<sup>th</sup> October 2011. He will give us an update on Hutchinson Builder's current activities and plans, focusing particularly on their Modular Construction division. Find out what Hutchinson's requires of their contractors to ensure that local suppliers will provide goods and services to their projects in the region.

Danny started his career in the Heavy Engineering Fabrication Industry and completed numerous projects for Mining Infrastructure. His mechanical engineering background has proven to be valuable as a lot of these projects were design and build. Danny progressed to managing a large engineering fabrication business, prior to moving to the construction industry.

He has been working in commercial construction for Hutchinson Builders for 7 years and during this time has been responsible for costing, procuring and managing construction projects up to \$30 Million in value ranging from Civil, Commercial and Domestic. Danny is a highly skilled and valued member of our team.
